

Fundraiser QR Code Pack

Free from RapidFundraising. Four pages: this print checklist, a flyer, a poster, and a sample per-student QR sheet.

What to print for kickoff night

- ☐ **Per-student QR sheet**, one page per class period. Each student photographs their own square or takes the slip home. Print from Fundraiser Management, Tools, Print QR Sheet.
- ☐ **Flyer** (page 2), one per family. Paste your program's QR code in the box: download it from your campaign page. Send the flyer home in the folder.
- ☐ **Poster** (page 3) for the band hall door, the concert lobby and the booster table.
- ☐ **Test scan** every printout with two phones before the night. A code that fails on one phone is usually printed too small.

Printing codes that scan

Size. Never smaller than 2 cm (0.8 in) across. Slips on the per-student sheet are 3.4 cm. On a poster, 8 cm or larger so it scans from across a table.

Contrast. Black on white. Do not print a code over a photo or in a colour lighter than dark navy.

Quiet zone. Leave white space around the code at least as wide as one of its small squares. Do not crop tight.

Paper. Plain copy paper is fine. Glossy paper reflects the flash and fails in a dim gym.

Words next to the code. Always print what it does: "Scan to donate in Ava's name". A bare code gets ignored.

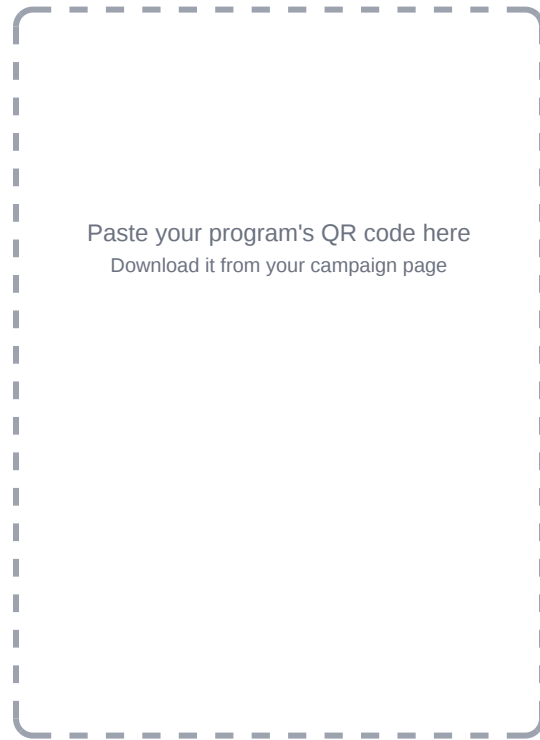

Why one code per student, not one code for the event

A single event code sends every donation to the general fund, so no student gets credit, the leaderboard stays empty, and the director cannot tell which families were reached. One code per student credits the right student automatically, feeds the leaderboard and the per-student report, and gives each family something that is theirs to share. RapidFundraising prints all of them from the roster in one click; no student needs an account or an app.

Codes on the sample sheet point at the RapidFundraising demo board. On your campaign, each code opens that student's own donation page.

Support

Scan the code, pick your student, give in about a minute.

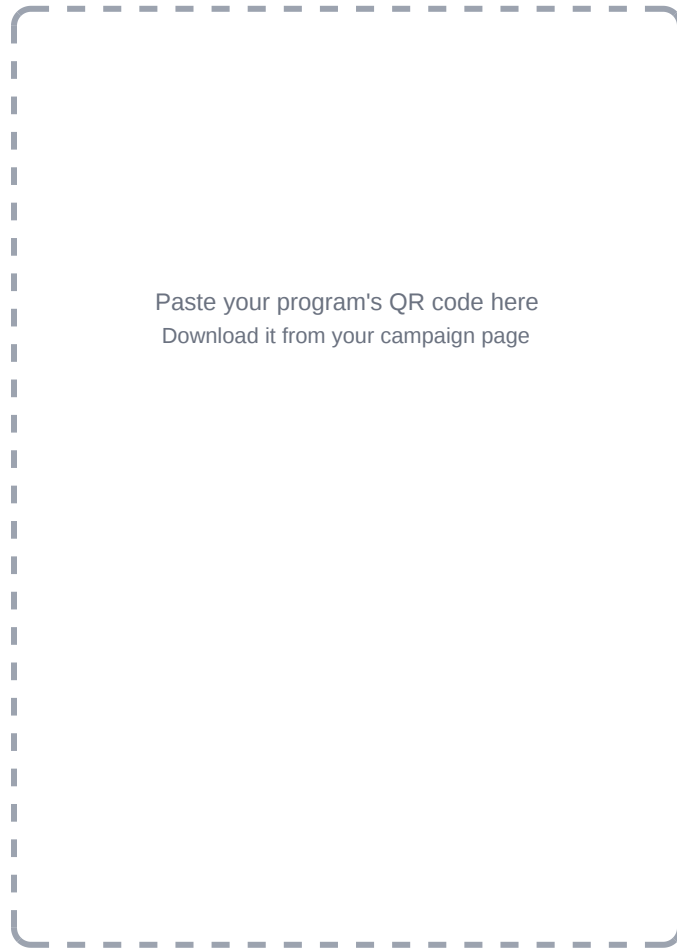

- 1 **Open your camera** and point it at the code. Tap the link that appears.
- 2 **Type two letters** of your student's name and pick them.
- 3 **Give.** Card, Apple Pay or Google Pay. A receipt lands in your inbox.

No app, no account. Every donation goes to the program's own bank account.

Scan to support

Pick your student. Give in about a minute.

No app, no account. Card, Apple Pay or Google Pay.

Sample per-student QR sheet

Lincoln HS Fine Arts · Band · Period 3. On a real campaign every code opens that student's own donation page. These open the RapidFundraising demo board.

Ava Martin
Band · Period 3
rapidfundraising.com/c/boards
Scan to donate in Ava's name

Leo Rivera
Band · Period 3
rapidfundraising.com/c/boards
Scan to donate in Leo's name

Priya Iyer
Band · Period 3
rapidfundraising.com/c/boards
Scan to donate in Priya's name

Noah Garcia
Band · Period 3
rapidfundraising.com/c/boards
Scan to donate in Noah's name

Mila Chen
Band · Period 3
rapidfundraising.com/c/boards
Scan to donate in Mila's name

Owen Brooks
Band · Period 3
rapidfundraising.com/c/boards
Scan to donate in Owen's name

Sofia Reyes
Band · Period 3
rapidfundraising.com/c/boards
Scan to donate in Sofia's name

Ethan Kim
Band · Period 3
rapidfundraising.com/c/boards
Scan to donate in Ethan's name

Zoe Lopez
Band · Period 3
