How it works: a supporter picks any open day, pays that many dollars, and writes their name in the box. Each day can be sold once. Collect cash or checks and hand the sheet to your director.

Want the digital version? Every student gets their own online board, supporters pay by card, Apple Pay or Google Pay in about twenty seconds, their name goes on the day automatically, and a day can never be sold twice. Free for your program at rapidfundraising.com/calendar-fundraiser.
